Mr. Walter L. Pforzheimer  
Legislative Counsel  
Central Intelligence Agency

Dear Mr. Pforzheimer:

Enclosed is a complimentary copy of a report which I recently prepared in response to a request from the House Committee on Education and Labor and the Senate Committee on Labor and Public Welfare. On behalf of these committees and the Legislative Reference Service I thank you for furnishing the information concerning activities of the Central Intelligence Agency included in this document.

The enclosed volume is the second report which has emerged from a comprehensive study of Federal Educational Activities and Educational Issues before Congress being carried out in response to the Congressional request. A third volume containing an analysis and classification of Federal educational programs is in preparation. For this the information listed on the attached sheet, specifically on the program of the Central Intelligence Agency as described in the enclosed volume, is essential to the preparation of the final report in a manner satisfactory to the interested Congressional committees.

Enclosed is a copy of a letter from Chairman Barden on the House Committee on Education and Labor asking your cooperation in this project.

Please supply the requested information by September 21 if possible.

Sincerely yours,

*Charles A. Quattlebaum*
